

Quality Policy

The objective of Fire Safe Global Ltd is to

- deliver high-quality fire safety management services that meet or exceed customer expectations while complying with all applicable legal and regulatory requirements.

As such, the Directors of Fire Safe Global Ltd are committed to the following:

- establishing measurable quality and business objectives that are consistent with the organization's context and strategic direction, and that address any risks and opportunities associated with them;
- monitoring and measuring the effectiveness of its business processes and objectives through management reviews and the internal audit process;
- ensuring that the organization complies with all necessary regulatory and legal requirements; and
- ensuring that quality objectives help Fire Safe Global Ltd achieve customer requirements by:
 - Providing a high standard of customer service

To achieve this objective, the organization maintains an effective and efficient Quality Management System that is based upon the requirements of ISO 9001:2015.

We are committed to meeting applicable requirements and continually improving the Quality Management System. The continual improvement of the Quality Management System is fundamental to the success of Fire Safe Global Ltd's business, and must be supported by all employees as an integral part of their daily work.

This policy has been approved by the Managing Director of Fire Safe Global Ltd and is reviewed at least annually to ensure it remains current and effective. This policy is communicated to employees and relevant contractors and made available to relevant interested parties.

Signed:

Steve Lakin - 20/10/2026
